## **DETAILED ACTION**

### ***Specification***

1. The disclosure is objected to because of the following informalities: throughout the specification, the word "heterarchy" has been used. The Examiner believes that the spelling should be "hierarchy".

Appropriate correction is required.

### ***Double Patenting***

2. Claims 19-36 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-20 of U.S. Patent No. 6,678,880. Although the conflicting claims are not identical, they are not patentably distinct from each other because Claims of patents 6,678,880 contain every element of claims 19-36 of the instant application and as such anticipate claims 19-36 of the instant application.

"A later patent claim is not patentably distinct from an earlier patent claim is obvious over, or anticipated by, the earlier claim. In re Longi, 759 F.2d at 896, 225 USPQ at 651.
